“Bullying” means the severe or repeated use by one or more students of a written, verbal, or electronic expression, or a physical act or gesture, or any combination thereof, directed at another student that has the effect of: (i) causing physical or emotional harm to the other student or damage to the other student’s property; (ii) placing the other student in reasonable fear of harm to himself or of damage to his property; (iii) creating a hostile environment at school for the other student; (iv) infringing on the rights of the other student at school; or (v) materially and substantially disrupting the education process or the orderly operation of a school.

“Cyber-bullying” means bullying through the use of technology or any electronic means. The use of bullying in this section shall include cyber-bullying.
“Hostile environment” means a situation in which bullying causes the school environment to permeate with intimidation, ridicule or insult that is sufficiently severe or pervasive to alter the conditions of the student’s education and create an abusive school environment.

“Perpetrator” means the student who engages in bullying or retaliation.

“School grounds” means property on which a school building or facility is located or property that is owned, leased or used by a school district, commonwealth charter school or non-public school for any school-sponsored activities, functions, programs, instruction or training.

Bullying is also prohibited both (i) at a location, activity, function or program that is not school-related and (ii) through the use of technology or an electronic device that is not owned, leased or used by a district or school if the act or acts in question create a hostile environment at school for the victim, infringe on the rights of the victim at school, or materially and substantially disrupt the education process or the orderly operation of a school.
Retaliation against a person who reports bullying, who provides information during an investigation of bullying, or who is a witness to or has reliable information about bullying is prohibited.

(c) Each school district, commonwealth charter school and non-public school shall provide age-appropriate instruction on bullying prevention in each grade that is incorporated into the curriculum of the district or school. The curriculum shall be evidence-based.

procedures must provide for immediate notification to the local law enforcement agency where
criminal charges may be pursued against the perpetrator; (ix) include a provision that a student
who knowingly makes a false accusation of bullying shall be subject to disciplinary action; and
(x) include a strategy for providing counseling or referral to appropriate services for perpetrators
and victims and for appropriate family members of said students.

A school district, commonwealth charter school or a non-public school may establish
separate discrimination or harassment policies that include categories of students, and nothing in
this section shall prevent a school district, commonwealth charter school or non-public school
from remediating any discrimination or harassment based on a person’s membership in a legally
protected category under local, state or federal law.

The bullying prevention and intervention plan may include ongoing professional
development to build the skills of all members of school staff, including but not limited to
educators, administrators, school nurses, cafeteria workers, custodians, and paraprofessionals, to
prevent, identify and respond to bullying. The content of such professional development shall
include, but not be limited to: (i) developmentally appropriate strategies to prevent bullying
incidents; (ii) developmentally appropriate strategies for immediate, effective interventions to

differential that can take place between and among the perpetrator, the victim, and any
witnesses to the bullying; (iv) research findings on bullying; (v) information on the incidence and nature of cyber-bullying; and (vi) internet safety issues as they relate to cyber-bullying.

The bullying prevention and intervention plan shall include provisions for educating parents and guardians about the bullying prevention curriculum of the district or school; how parents and guardians can reinforce the curriculum at home and support the district or school prevention and intervention plan; the dynamics of bullying; and online safety and cyber-bullying.

(2) Each school district, commonwealth charter school and non-public school shall provide to all school staff annual written notice of the bullying prevention and intervention plan applicable to the school. Relevant sections of the bullying prevention and intervention plan shall be included in a district or school employee handbook.

(3) The bullying prevention and intervention plan shall be posted on the website of each school district, commonwealth charter school and non-public school.

(f) Each school principal or the person who holds a comparable role shall be responsible for the implementation and oversight of the bullying prevention and intervention plan at his school.
(g) A member of a school staff, including but not limited to an educator, administrator, school nurse, cafeteria worker, custodian, and paraprofessional, shall immediately report any instance of bullying or retaliation the staff member has witnessed or become aware of to the school principal or to the school official identified in the bullying prevention and intervention plan as responsible for receiving such reports or both. Upon receipt of such a report, the school principal or a designee shall promptly investigate. If the school principal or a designee determines that bullying or retaliation has occurred, the school principal or designee shall (i) notify the local law enforcement agency if the school principal or designee believes that criminal charges may be pursued against the perpetrator; (ii) take appropriate disciplinary action; (iii) notify the parents or guardians of the perpetrator; and (iv) notify the parents or guardians of the victim, and to the extent consistent with state and federal law, notify them of the action taken to prevent any further acts of bullying or retaliation.

(h) If an incident of bullying or retaliation involves students from more than one school district, commonwealth charter school or non-public school, the district or school first informed of the bullying or retaliation shall promptly notify the appropriate administrator of other district or school so that both may take appropriate action; provided however that the notification shall be in compliance with 20 U.S.C. section 1232g.

(i) Nothing in this section shall be construed to abridge the rights of students that are protected by the First Amendment to the Constitution of the United States or by Article XVI, as amended, of the Constitution of the commonwealth.

(j) Nothing in this section shall supersede or replace existing rights or remedies under any other general or special law, nor shall this section create a private right of action for enforcement of this section against any public school, school district or the commonwealth.
(k) The department of elementary and secondary education, after consultation with the department of public health, the department of mental health, the attorney general and experts on bullying, shall (i) publish a model bullying prevention and intervention plan for school districts, commonwealth charter schools, and non-public schools to consider when creating their own plans and (ii) compile a list of bullying prevention and intervention resources, evidence-based curricula, best practices and academic-based research that shall be made available for use by schools. These resources may include, but shall not be limited to, print, audio, video or digital media; subscription-based online services; and on-site or technology-enabled professional development and training sessions. The department of elementary and secondary education shall biennially update the model bullying prevention and intervention plan and the list of these resources, curricula, best practices and research and shall ensure that they are posted on its website.
