

# Circle Round BINGO

I heard a Circle Round story where...

B

I

N

G

O

|  |                                 |  |   |  |
|--|---------------------------------|--|---|--|
| I learned a new word                               | a character overcomes obstacles | someone or something flies                           | a character plays a musical instrument    | I'd like to meet one of the characters |
| someone makes or eats a yummy food                 | a character has a funny voice   | something made me laugh                              | all the action took place outdoors        | a character was clever                 |
| a character has a high voice                       | there was a talking animal      | there's magic  | there's a queen, king, princess or prince | I listened with a family member        |
| I have something in common with the main character | a character is wise             | I've been to one of the countries the story was from | a character has a low voice               | I listened with a friend               |
| I listened in a train, plane or automobile         | there's a family                | a character learned a lesson                         | I really enjoyed the music                | the ending surprised me                |

CIRCLE ROUND IS A STORYTELLING PODCAST FOR KIDS AND THE YOUNG AT HEART
